Groton School District Improvement Plan/Progress Report Form

Principle : 3 – Appropriate Evaluation

Present levels: (Statement of present levels of performance that resulted in area of non-compliance)

ARSD 24:05:30:17. Consent. "Consent" means that the parents have been fully informed in the native language or another mode of communication of all information relevant to the activity for which consent is sought in the native language or another mode of communication; the parents understand and agree in writing to the carrying out of the activity for which consent is sought; the consent describes that activity and lists any records which will be released and to whom; and the granting of consent by the parents is voluntary and may be revoked in writing at any time. If a parent revokes consent, that revocation is not retroactive (i.e., the revocation does not negate an action that has occurred after the consent was given and before the consent was revoked).

Through interview and a review of student records, the monitoring team identified one student who received behavior and autism evaluations which were not included on the written prior notice/consent. The written prior notice/consent for another student stated articulation would be assessed however there was no evidence the evaluation occurred. Another student IEP contained articulation goals with no link to an articulation evaluation.

Desired Outcome(s): Through systemic change, the district/agency will achieve these results for students with disabilities and their families.

The district ensures appropriate written notice and informed consent is received before assessments are administered to a child as part of the evaluation process.

Measurable Goal: The district/agency determines what goals are appropriate given the areas of difficulty. There must be a direct relationship between the goal(s) and the needs identified in the present levels.

All initial evaluations, and reevaluations conducted by the district will have written parental consent prior to conducting the evaluations, and administrate evaluate all areas noted on the prior notice.
